

Qibo meeting
15 November
2023

Closed

- DBF: energy fluctuations
- Add probabilities to meas outcome
- Unary encoder for gaussian states
- Transpiler is now in Qibo

Ready to go

- QCNN upgrade
- Update docs with qibochem
- DBF: tutorial notebook
- DBF: optimization of the flow step
- Fix clifford label on controlled gates
- gates.ECR decomposition
- Cached gates into qibo.matrices
- FSWAP decomposition

Ongoing

- #1047 [WIP] DBF model
- Optimizers refactor
- #964 Natural gradient implementation
- #1056 Frame potential metric
- Clifford simulator
- N-qubits classifier
- Sabre with measurements

New tasks

- Transpiler wishlist
- Transpiler.is_satisfied
- Wrong clifford gates
